

ELANGANNAN ARUNAN

Professor and Chair
Department of Inorganic and Physical Chemistry
Indian Institute of Science
Bangalore 560 012.
India.

Phone : +91-80-2293-2828

Fax : +91-80-2360-1552

Email: arunan@iisc.ac.in
earunan@gmail.com

Webpage: <http://ipc.iisc.ac.in/arunan.php> and <http://earunan.org>

DQ10,
Duplex Quarters
Indian Institute of Science
Bangalore 560 012
India.

+91-80-2360-1952

+91-94-4982-1952

Research Interests

Spectroscopy and Dynamics of Molecules and Clusters; Chemical Kinetics and Reaction Dynamics; Shockwave interactions with molecules and materials; Hydrogen bonding; Intermolecular bonding/interactions; Astrochemistry and astrophysics.

Courses Taught

Graduate and undergraduate courses in: Physical Chemistry, Group Theory and Molecular Spectroscopy, Chemical kinetics and Dynamics, Classical and Statistical Thermodynamics

Education

Ph. D. in Physical Chemistry, August 1991. Advisor : Prof. D. W. Setser.
Kansas State University, Manhattan, KS.

Dissertation: Applications of infrared chemiluminescence in chemical reaction dynamics.

M. Tech. in Modern Methods of Chemical Analysis and Control, January 1986
Indian Institute of Technology, New Delhi, India.

Dissertation: Structural investigations of acrylic acid-methyl methacrylate copolymers.

M. Sc. in Chemistry July 1984, Indian Institute of Technology, Madras, India.

Dissertation: Synthesis of π -CS₂ complexes of Iron and phase transfer catalyzed reductions of nitroarenes.

B. Sc. in Chemistry June 1982, The American College, Madurai, India.

Work Experience

Chairman, Department of Inorganic and Physical Chemistry October 2018 -

Member JAM Advisory Committee of IISc from 2015

Vice-Chairman GATE/JAM, Indian Institute of Science 2013-2015

Coordinator for the Integrated Ph. D. Programme in Chemical Sciences 2010-

2014

- June 2009 – Present: Professor, Inorganic and Physical Chemistry Department, Indian Institute of Science, Bangalore, India
- Jun. 2003 – May 2009: Associate Professor, Inorganic and Physical Chemistry Department, Indian Institute of Science, Bangalore, India
- Jun. 1997 – May 2003: Assistant Professor, Inorganic and Physical Chemistry Department, Indian Institute of Science, Bangalore, India.
- Nov. 1994 - May 1997: Assistant Professor at Indian Institute of Technology, Kanpur, India.
- Apr. 1992 - Oct. 1994: Research Associate with Prof. H. S. Gutowsky at University of Illinois at Urbana-Champaign. Investigated weakly bound complexes using pulsed nozzle Fourier transform microwave spectroscopy.
- Aug. 1991 – Apr. 1992. Research Associate with Prof. D. W. Setser at Kansas State University; supervisory responsibilities between August 1991 - January 1992.
- Jun. 1988 – Jul. 1991. Research Assistant. Rebuilt the infrared chemiluminescence laboratory at K.S.U. in a new Chemistry building. Acquired experience in vacuum techniques, glass blowing, computing and other laboratory skills needed for research in experimental physical chemistry.
- Aug. 1986 - May 1988. Teaching Assistant. Involved in teaching undergraduate physical chemistry labs and grading undergraduate physical and organic chemistry courses at Kansas State University.
- Feb. 1986 – Jun. 1986. Project assistant with Prof. K. C. Patil, Inorganic and Physical Chemistry Department, Indian Institute of Science, Bangalore, India.

Awards and Activities

- Plenary Lecture at the 7th Asian Spectroscopy Conference, Singapore,**
Conducted online, National Technological University, Singapore
December 2020.
- Alumni Award for Excellence in Research for Science for the year 2020,**
awarded by the Indian Institute of Science.
- Editor,** Volume 100, issue 1 of the *Journal of the Indian Institute of Science*,
January 2020, on 100 years of hydrogen bonding.
- Member of the Editorial Board** for the *Journal of Molecular Spectroscopy*
2014-2017 and 2020-2023
- National Prize for Chemical Spectroscopy and Molecular Structure,** CNR
Rao Research Foundation, 2019
- International Advisory Board Member for the First International
Conference on Non-Covalent Interactions,** Given keynote lecture.
Lisbon, Portugal September 2019.
- Keynote Lecture at the European Congress on Molecular Spectroscopy
2018,** August 2018, Coimbra, Portugal.
- Editorial Board of the Journal of the Indian Institute of Science** 2018 -
- Plenary Lecture at the 22nd Horizons in Hydrogen Bond Research
Conference,** September 2017, Finland
- Editor of the Journal of Molecular Structure** May 2016 -
- Fellow of the National Academy of Sciences, India,** 2015

Guest Member of the Editorial Board 67th *Annual Reviews in Physical Chemistry* 2016

Fellow of the Royal Society of Chemistry 2014

Plenary Speaker at the Fourth Asian Spectroscopy Conference, Singapore
December 2013.

PRL Colloquium at Physical Research Laboratory, Ahmedabad, 27 November 2013

ASET Colloquium at Tata Institute of Fundamental Research, Mumbai, 8 Nov 2013.

Royal Society Travel Grant to visit 12 Universities in the USA and attend Molecular Spectroscopy and Shock Wave symposium June-July 2013.

A. V. Ramarao Foundation Prize Lecture at the Jawaharlal Nehru Center for Advanced Scientific Research, Bangalore. April 2013

Member of Science Education Panel of the Indian Academy of Sciences 2013-2018

Fellow of International Union of Pure and Applied Chemistry 2011

Plenary Lecture at the 28th International Symposium on Shock Waves,
Manchester 2011.

Member of the International Advisory Board for ‘Horizons in Hydrogen Bond Research’ Conference 2011 –

Member of the International Steering Committee for the Asian Spectroscopy Conference 2009-2013. Continuing in the Advisory Board Since 2013.

Fellow of the Indian Academy of Sciences, 2009

Member of the Programme Advisory Committee on Physical Chemistry, Department of Science and Technology 2008-2012.

Member of the International Advisory Editorial Board for Physical Chemistry Chemical Physics, Royal Society Publication, From 2005-2016.

Section Editor (Chemistry) for Current Science from 2018, Associate Editor 2013-2018 and in the editorial board since 2008

Associate Editor for Journal of Chemical Sciences from 2012-2015 in the editorial board since 2008

Recipient of Chemical Research Society of India Bronze Medal 2008

Chairman of IUPAC Task Group on Hydrogen bonding and other molecular interactions. Redefined hydrogen bonding in 2011.

Member of the International Advisory Board for the International Symposium on Shockwaves from 2005.

Vice-President/Founder Member of the Indian Society for Shockwave Research 2004.

Member of International Union of Pure and Applied Chemistry since 2004

Member of Chemical Research Society of India since inception, 1999

KSU Department of Chemistry Award for Excellence in Research, 1991.

KSU Phi Lambda Upsilon Graduate Student of the Year Award, 1989.

Member of Phi Lambda Upsilon, an Honourary Chemical Society in U.S.A. Since 1988

Member of the American Chemical Society since 1987

Invited Talks/Seminars/Lectures

Have organized several national/international conferences/symposia in the fields of spectroscopy, hydrogen bonding and shock wave applications. Have given numerous plenary, key note and invited lectures all over India and many countries in the world including U.S.A, U.K, France, Germany, Italy, Poland, Spain, Russia, Czech Republic, Finland, Portugal, China, Taiwan, Pakistan, Bangladesh, Singapore, Australia and South Korea. Given invited talks at most of the premier institutes in India and also in small colleges and high schools all over India. Given invited lectures at Universities, including at University of California, Berkeley; Stanford University; California Institute of Technology, Rowland Institute at Harvard University; University of Colorado, Boulder; Wesleyan University; University of Connecticut; Kansas State University; National Oceanographic and Atmospheric Agency, Colorado; University of Massachusetts, Amherst; Moscow State University, Moscow; Fritz Haber Institute, Berlin; Warsaw University, Poland; Milan Technical University, Italy; University of Rennes, France; Grenoble University, France; Hebrew University at Jerusalem, Israel; Universidad del País Vasco, Spain; Czech Academy of Sciences, Prague.

Research Highlights

- *Built the only pulsed nozzle Fourier transform microwave spectrometer in India and one of about 15 in the world.*
- *Our experimental results on weakly bound complexes of H₂O/H₂S eventually led to IUPAC redefining hydrogen bond through a task group formed and chaired by me.*
- *Microwave spectroscopic and theoretical results from our laboratory led us to define a 'carbon bond' analogous to hydrogen bond. This has helped the field of 'inter-molecular bonding' matured.*
- *Established shock tube facilities for chemical kinetics research in collaboration with Aerospace Engineering Department. This facility has been used to address problems of interest to ISRO and DRDO and eventually led to the formation of Center for Excellence in Hypersonic Research.*
- *Our research accomplishments on hydrogen bonding and carbon bonding have been featured in Science magazines and newspapers all over the world. Our laboratory is at the forefront of research in this area.*
